The Chicago Society of Etchers has existed potentially in several individuals who have been working in more or less solitary fashion for many years. As an organized body, it is two years old but during that time it has gathered together fifty-eight active and two hundred and ten associate members. Exhibitions have been given in Chicago, Detroit, Kansas City, Indianapolis, Cincinnati, Louisville, St. Louis and various towns in Illinois.

Many of the etchings are for sale.

Prices and other information may be obtained
